

## DOT Hazardous Materials Compliance Training (Unit 1 - Awareness)

### Regulatory Requirement References

49 CFR 100-185

Estimated Time Required	2 - 3 hrs.
Requalification Period	3 yrs.
Pre-Requisites	N/A
Minimum # Students	4
Maximum # Students	10
Additional Course Material	Yes

### General Overview

Upon completion of this module, the participant will be able to define the purpose, scope, and applicability of the U.S. Department of Transportation (DOT) regulations and their responsibility in DOT regulatory compliance. Also covered are the Hazardous Materials Regulations, training requirements for employees and employers, a review of the nine hazard classes and liability for non-compliance.

### Expected Outcomes

Identify the purpose, scope and applicability of the DOT Hazardous Material Regulations (HMR).  
Identify personal liability for failure to comply with the HMR's.  
Identify the training requirements DOT has in place for hazardous material employees.  
Understand the general layout of the HMR's.

### Topics Covered

Hazardous Materials Regulations Layout  
Liability (personal and corporate)  
Training requirements  
General Awareness/Familiarization Training

### Implementation Mechanism

Training shall consist of a combination of formal instruction (e.g., lecture, discussion, video presentation, written material), and written evaluation of the student's performance.
